Legacy of the Plains Museum

308-436-1989

2903 Old Oregon Trail Road, Gering

Located on the Oregon Trail, the Legacy of the Plains Museum features an impressive collection of pioneer and early community artifacts, antique tractors, and farm implements; an 80-acre working farm; historic farmstead structures; and striking views of Scotts Bluff National Monument. Come live the timeless

stories of the Nebraska prairie.

Chimney Museum

Rock

308-586-1177

302 Main Street, Bayard

This museum is housed in the old Burlington Railroad Depot, built in 1928. The quaint brick structure was all but abandoned by Burlington Northern Railroad Company in the 1990's. In 1994, volunteers wanting to preserve the history of the old railroad and sugar beet factory town decided to convert the old depot into a museum. It opened for its first season in 1999 and is filled with many historical items relating to Bayard, Chimney Rock, and the Valley, including horse-drawn machinery. It has won 2 awards already in its short existence.
